<b>Sub.</b>	:	Submission of Six Monthly Environment Compliance report for period October 2024 to March 2025 w.r.t Molasses-based Distillery unit of 120 KLPD by - <b>M/s. Yaragatti Sugars Pvt. Ltd.</b> , Survey No. 181/1, 181/2, 181/3, 181/4, 181/5, 185/1, 185/2 M Chandragi Village, Taluk Ramdurg, District Belagavi, Karnataka.
<b>Ref.</b>	:	1. Environmental Clearance granted by MoEFCC; New Delhi, letter no. F. No. J-11011/325/2016-IA-II(I) dated 08.01.2018 2. Amendment in Environmental Clearance by MoEFCC; New Delhi, letter no. F. No. J-11011/325/2016-IA-II(I) on 03.03.2021 (Copy of EC is enclosed at <b>Enclosure – I</b> )

Dear Sir,

This has reference to Environmental Clearance (EC) granted to our Distillery unit of 120 KLPD – **M/s. Yaragatti Sugars Pvt. Ltd.**, Survey No. 181/1, 181/2, 181/3, 181/4, 181/5, 185/1, 185/2 M Chandragi Village, Taluk Ramdurg, District Belagavi, Karnataka.

As per General Conditions No. XIII in EC letter, we are submitting a six-monthly compliance report for a period of October 2024 to March 2025.

We hope the details furnished by us are in accordance with your requirements.

Thanking you,

Yours faithfully,

**Sr. Vice President**

For, M/s. Yaragatti Sugars Pvt. Ltd.

To

M/s Yaragatti Sugars Pvt Ltd  
M Chandragi Village, Taluk Ramdurg  
District **Belagavi** (Karnataka)

**Sub: Setting up Molasses based Distillery at M Chandragi Village, Taluk Ramdurg, District Belagavi (Karnataka) by M/s Yaragatti Sugars Pvt Ltd - Environmental Clearance - reg.**

Sir,

This has reference to your proposal No. IA/KA/IND2/59100/2016 dated 17<sup>th</sup> October, 2017, submitting the EIA/EMP report and public consultation details on the above subject matter.

2. The Ministry of Environment, Forest and Climate Change has examined the proposal for environmental clearance to the project for setting up 120 KLPD molasses based distillery (Rectified Spirit/ENA/Absolute Alcohol) with incineration boiler to generate 5 MW power by M/s Yaragatti Sugars Pvt Ltd at Survey No.181/1, 181/2, 181/3, 181/4, 181/5, 185/1, 185/2, M Chandragi Village, Taluk Ramdurg, District Belagavi (Karnataka).

3. The land area available for the project is 13.51 ha. Greenbelt will be developed in an area of 11.5 acres out of the total area of the project. The estimated project cost is Rs.110.01 crores. Total capital cost earmarked for pollution control measures is Rs.6.2 crores and the recurring cost (operation and maintenance) will be about Rs.42 Lakhs/Annum. Employment will be provided to 340 persons directly and for 200 persons indirectly. Industry proposes to allocate Rs.55 Lakhs/year towards Corporate Social Responsibility.

4. There are no National Parks, Wildlife Sanctuaries, Biosphere Reserves, Tiger/Elephant Reserves, Wildlife Corridors etc. within 10 km radius of the project site. Godchi reserved forest is at a distance of 7.25 km (SE). Malaprabha river is flowing at a distance of 17 km in SE direction and non-perennial streams/nallas such as Karakoppa Halla (3.5 km), Huvinahalla (3.7 km), Virabhadra Halla (6 km) and Kullumatti halla (5.2 km) are located within 10 km radius of the project site.

5. Total water requirement is estimated to be 1878 cum/day, of which fresh water of 960 cum/day will be met from Malaprabha river.

Effluent (condensate/spentlees/washings) of 940 cum/day will be treated through condensate polishing unit of capacity 1000 cum/day. Spentwash will be concentrated and used as fuel in the incineration boiler and the unit will be based on Zero Liquid discharge system.

Power required during construction is 500 kWh and will be met from HESCOM. Power required during operation phase is 2.455 MW to be met from distillery power generation unit. Unit require 1500 kVA DG set and stack of height 30 meter will be provided as per CPCB norms, which will be used as standby during power failure.

One 40 TPH boiler (spentwash/ bagasse/slop fired) will be installed with ESP and a stack of 70 m height to control the particulate emissions within the statutory limit of 150 mg/Nm<sup>3</sup>.

6. The project/activity is covered under category A of item 5(g) 'Distilleries' of the Schedule to the Environment Impact Assessment Notification, 2006, and requires appraisal at central level by the sectoral EAC in the Ministry.

7. The terms of reference (ToR) was granted on 28<sup>th</sup> February, 2017. Public hearing was conducted by the State Pollution Control Board on 8<sup>th</sup> September, 2017.

8. The proposal for environmental clearance was placed before the EAC (Industry-2) in its meeting held on 23-24 November, 2017. The project proponent and the accredited consultant M/s Environmental Health and Safety Consultants Pvt Ltd presented the EIA/EMP report as per the ToR. The committee found the EIA/EMP report satisfactory and in consonance with the ToR, and recommended the proposal for environmental clearance with certain conditions.

9. Based on the proposal submitted by the project proponent and recommendations of the EAC (Industry-2), the Ministry of Environment, Forest and Climate Change hereby accords environmental clearance to the project '**Setting up 120 KLPD Molasses based Distillery**' with incineration boiler to generate 5 MW power by M/s Yaragatti Sugars Pvt Ltd at Survey No.181/1, 181/2, 181/3, 181/4, 181/5, 185/1, 185/2, M Chandragi Village, Taluk Ramdurg, District Belagavi (Karnataka), under the provisions of EIA Notification, 2006 and the amendments made therein, subject to the compliance of terms and conditions, as under:-

- (i) The final product shall not be used for human consumption but for industrial purposes, including as bio-fuel.
- (ii) Consent to Establish/Operate for the project shall be obtained from the State Pollution Control Board as required under the Air (Prevention and Control of Pollution) Act, 1981 and the Water (Prevention and Control of Pollution) Act, 1974.
- (iii) As already committed by the project proponent, Zero Liquid Discharge shall be ensured and no waste/treated water shall be discharged outside the premises.
- (iv) Necessary authorization required under the Hazardous and Other Wastes (Management and Trans-Boundary Movement) Rules, 2016, Solid Waste Management Rules, 2016 shall be obtained and the provisions contained in the Rules shall be strictly adhered to.
- (v) To control source and the fugitive emissions, suitable pollution control devices shall be installed to meet the prescribed norms and/or the NAAQS. The gaseous emissions shall be dispersed through stack of adequate height as per CPCB/SPCB guidelines.
- (vi) Total fresh water requirement shall not exceed 720 cum/day (6 KL of water per KL of the product) to be met from Malaprabha river. Prior permission shall be obtained from the concerned regulatory authority/CGWA in this regard.

- (vii) Industrial/trade effluent shall be segregated into High COD/TDS and Low COD/TDS effluent streams. High TDS/COD shall be passed through stripper followed by MEE and ATFD (agitated thin film drier). Low TDS effluent stream shall be treated in ETP and then passed through RO system.
- (viii) Process effluent/any wastewater shall not be allowed to mix with storm water. Storm water drain shall be passed through guard pond.
- (ix) Hazardous chemicals shall be stored in tanks, tank farms, drums, carboys etc. Flame arresters shall be provided on tank farm and the solvent transfer through pumps.
- (x) Process organic residue and spent carbon, if any, shall be sent to cement industries. ETP sludge, process inorganic & evaporation salt shall be disposed off to the TSDF.
- (xi) The Company shall strictly comply with the rules and guidelines under Manufacture, Storage and Import of Hazardous Chemicals (MSIHC) Rules, 1989 as amended time to time. All transportation of Hazardous Chemicals shall be as per the Motor Vehicle Act (MVA), 1989.
- (xii) The company shall undertake waste minimization measures as below:-
  - (a) Metering and control of quantities of active ingredients to minimize waste.
  - (b) Reuse of by-products from the process as raw materials or as raw material substitutes in other processes.
  - (c) Use of automated filling to minimize spillage.
  - (d) Use of Close Feed system into batch reactors.
  - (e) Venting equipment through vapour recovery system.
  - (f) Use of high pressure hoses for equipment clearing to reduce wastewater generation.
- (xiii) The green belt of 5-10 m width shall be developed in more than 33% of the total project area, mainly along the plant periphery, in downward wind direction, and along road sides etc. Selection of plant species shall be as per the CPCB guidelines in consultation with the State Forest Department.
- (xiv) All the commitments made regarding issues raised during the public hearing/ consultation meeting held on 8<sup>th</sup> September, 2017 shall be satisfactorily implemented.
- (xv) At least 2.5% of the total project cost shall be allocated for Enterprise Social Commitment based on public hearing issues and item-wise details along with time bound action plan shall be prepared and submitted to the Ministry's Regional Office.
- (xvi) For the DG sets, emission limits and the stack height shall be in conformity with the extant regulations and the CPCB guidelines. Acoustic enclosure shall be provided to DG set for controlling the noise pollution.
- (xvii) The unit shall make the arrangement for protection of possible fire hazards during manufacturing process in material handling. Fire fighting system shall be as per the norms.
- (xviii) Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.
- (xix) Continuous online (24X7) monitoring system for stack emissions shall be installed for measurement of flue gas discharge and the pollutants concentration, and the data to be transmitted to the CPCB and SPCB server. For online continuous monitoring of effluent, the unit shall install web camera with night vision capability and flow meters in the channel/drain carrying effluent within the premises.

STH

- (xx) There shall be adequate space inside the plant premises earmarked for parking of vehicles for raw materials and finished products, and no parking to be allowed outside on public places.
- (xxi) Storage of raw materials, coal etc shall be either stored in silos or in covered areas to prevent dust pollution and other fugitive emissions.
- (xxii) The energy sources for lighting purposes shall preferably be LED based. A minimum of 10-20% of the total power requirement for the industrial operations shall be met from non-conventional energy resources/solar supply.

**9.1.** The grant of environmental clearance is subject to compliance of other general conditions, as under:-

- (i) The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board, Central Pollution Control Board, State Government and any other statutory authority.
- (ii) No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forest and Climate Change. In case of deviations or alterations in the project proposal from those submitted to this Ministry for clearance, a fresh reference shall be made to the Ministry to assess the adequacy of conditions imposed and to add additional environmental protection measures required, if any.
- (iii) The locations of ambient air quality monitoring stations shall be decided in consultation with the State Pollution Control Board (SPCB) and it shall be ensured that at least one station each is installed in the upwind and downwind direction as well as where maximum ground level concentrations are anticipated.
- (iv) The National Ambient Air Quality Emission Standards issued by the Ministry vide G.S.R. No. 826(E) dated 16<sup>th</sup> November, 2009 shall be followed.
- (v) The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control measures including acoustic hoods, silencers, enclosures etc. on all sources of noise generation. The ambient noise levels shall conform to the standards prescribed under Environment (Protection) Act, 1986 Rules, 1989 viz. 75 dBA (day time) and 70 dBA (night time).
- (vi) The Company shall harvest rainwater from the roof tops of the buildings and storm water drains to recharge the ground water and use the same water for the process activities of the project to conserve fresh water.
- (vii) Training shall be imparted to all employees on safety and health aspects of chemicals handling. Pre-employment and routine periodical medical examinations for all employees shall be undertaken on regular basis. Training to all employees on handling of chemicals shall be imparted.
- (viii) The company shall also comply with all the environmental protection measures and safeguards proposed in the documents submitted to the Ministry. All the recommendations

made in the EIA/EMP in respect of environmental management, and risk mitigation measures relating to the project shall be implemented.

- (ix) The company shall undertake all relevant measures for improving the socio-economic conditions of the surrounding area. ESC activities shall be undertaken by involving local villages and administration.
- (x) The company shall undertake eco-developmental measures including community welfare measures in the project area for the overall improvement of the environment.
- (xi) The company shall earmark sufficient funds towards capital cost and recurring cost per annum to implement the conditions stipulated by the Ministry of Environment, Forest and Climate Change as well as the State Government along with the implementation schedule for all the conditions stipulated herein. The funds so earmarked for environment management/ pollution control measures shall not be diverted for any other purpose.
- (xii) A copy of the clearance letter shall be sent by the project proponent to concerned Panchayat, Zilla Parishad/Municipal Corporation, Urban local Body and the local NGO, if any, from whom suggestions/ representations, if any, were received while processing the proposal.
- (xiii) The project proponent shall also submit six monthly reports on the status of compliance of the stipulated Environmental Clearance conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF&CC, the respective Zonal Office of CPCB and SPCB. A copy of Environmental Clearance and six monthly compliance status report shall be posted on the website of the company.
- (xiv) The environmental statement for each financial year ending 31<sup>st</sup> March in Form-V as is mandated shall be submitted to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of environmental clearance conditions and shall also be sent to the respective Regional Offices of MoEF&CC by e-mail.
- (xv) The project proponent shall inform the public that the project has been accorded environmental clearance by the Ministry and copies of the clearance letter are available with the SPCB/Committee and may also be seen at Website of the Ministry at <http://moef.nic.in>. This shall be advertised within seven days from the date of issue of the clearance letter, at least in two local newspapers that are widely circulated in the region of which one shall be in the vernacular language of the locality concerned and a copy of the same shall be forwarded to the concerned Regional Office of the Ministry.
- (xvi) The project authorities shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities and the date of start of the project.

10. The Ministry may revoke or suspend the clearance, at subsequent stages, if implementation of any of the above conditions is not satisfactory.

11. The Ministry reserves the right to stipulate additional conditions, if found necessary. The company in a time bound manner will implement these conditions.

12. The above conditions will be enforced, *inter alia* under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, Air (Prevention & Control of Water Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and rules.

**Sub: Establishment of non-molasses based Distillery of 120 KLPD capacity at Sy. Nos. 181/1, 181/2, 181/3, 181/4, 181/5, 185/1, 185/2 of M Chandargi Village, Ramdurg Taluk, Belagavi District, Karnataka by M/s Yaragatti sugars pvt. Ltd- Amendment in Environment Clearance.**

Sir,

This refers to your online proposal No. IA/KA/IND2/225451/2021 dated 22<sup>nd</sup> September, 2021 for amendment in the environmental clearance to the above mentioned project.

**2.** The Ministry of Environment, Forest and Climate Change has considered the above proposal for amendment in Environmental Clearance(EC) granted by the Ministry vide letter F.No.J-11011/325/2016-IA-II(I) dated 8<sup>th</sup> January, 2018 for the project Establishment of non-molasses based Distillery of 120 KLPD capacity at Sy. Nos. 181/1, 181/2, 181/3, 181/4, 181/5, 185/1, 185/2 of M.Chandargi Village, Ramdurg Taluk, Belagavi District, Karnataka by M/s Yaragatti Sugars Pvt Ltd (YSPL).

**3.** The project proponent has requested for amendment in the EC with the details mentioned below:

S. No	Para of EC issued by MoEF&C	Details as per the EC	To be revised/ Read as	Justification / reasons
1.	Para 2 & 9	120 KLPD Molasses based	120 KLPD Non-	Green field project- As per

*Handwritten signature/initials*

S. No	Para of EC issued by MoEF&C	Details as per the EC	To be revised/ Read as	Justification / reasons
2		Distillery Category 'A' To produce RS, ENA, AA	molasses based Distillery (Grain & Cane juice) Category 'B' To produce Ethanol	existing EC Distillery not yet installed. The proposal involves establishment of distillery with change in raw materials of the same capacity. On receipt of Amendment to EC YSPL will go for installation of Distillery & will be producing Ethanol under Ethanol Blended with Petrol (EBP) Programme
		5MW of power from spent wash incineration boiler	3.0 MW of power from Co-gen unit	
3	Para 3	Project area: 13.51 Ha	13.75 Ha	0.24 Ha increased

18		Para 6	Category: A Schedule: 5(g)	Category: B Schedule: 5(g) and 5(ga)

3/12

S. No	Para of EC issued by MoEF&C	Details as per the EC	To be revised/ Read as	Justification / reasons
				Ethanol (120 KLD) with Zero Liquid Discharge which will solely be utilized for Ethanol Blended Petrol (EBP) Programme of the Government of India.
19	Para 9(vii)	Industrial / trade effluent shall be segregated into High COD/TDS and Low COD/TDS effluent streams. High TDS/COD shall be passed through stripper followed by MEE and ATFD (Agitated Thin Film Drier). Low TDS effluent stream shall be treated in ETP and then passed through RO System.	Raw spent wash shall be forwarded for bio-methanation followed by concentration in MEE & concentrated spent wash shall be dried to form powder in Dryer	The management has decided to adopt drying technology for spent wash Treatment instead of spent wash incineration. The spent wash powder fetches good revenue and offers value addition along with 100% Bio-organics recycling. Thus, spent wash drying is proven & successful technology giving good results.

*3/2/2*

4. The proposal was appraised by the Expert Appraisal Committee (Industry-2) in its 43<sup>rd</sup> EAC meeting held during 08<sup>th</sup> – 09<sup>th</sup> November, 2021. During deliberations EAC found the justifications satisfactory and **recommended** the amendments in EC, as proposed by the project proponent, with all other terms and conditions remain unchanged in EC granted by the Ministry vide letter no. J-11011/325/2016-IA-II(I) dated 8<sup>th</sup> January, 2018.

5. Based on recommendations of the EAC, the Ministry of Environment, Forest and Climate Change hereby accords approval to the proposed amendment in EC granted by the Ministry vide letter no. J-11011/325/2016-IA-II(I) dated 8<sup>th</sup> January, 2018 for the project Establishment of non-molasses based Distillery of 120 KLPD capacity at Sy. Nos. 181/1, 181/2, 181/3, 181/4, 181/5, 185/1, 185/2 of M.Chandargi Village, Ramdurg Taluk, Belagavi District, Karnataka by M/s Yaragatti Sugars Pvt Ltd (YSPL).

6. All other terms and conditions stipulated in the EC vide letter no. J-11011/325/2016-IA-II(I) dated 8<sup>th</sup> January, 2018 shall remain unchanged.

7. This issues with approval of the competent authority.

Karnataka.

• **Preamble:**

**M/s. Yaragatti Sugars Pvt Ltd.** was registered on 26.09.2016. An Environmental Clearance (EC) has been granted by MoEFCC; New Delhi vide no J-11011/325/2016-IA-II (I) dated 08.01.2018 for setting up Molasses based Distillery of 120 KPD at M Chandargi village, Ramdurg Taluk, Belagavi district, Karnataka. Thereafter, Consent to Establish (CTE) was granted by KSPCB for Distillery & Co-gen plant on 15.06.2018. Subsequently, amendment in EC was procured from MoEFCC on 03.03.2021.

However, there is no any development on site till date due to a pending court case. Now, the court case was withdrawn on 03.12.2021 & the document of the same is enclosed at **Annexure-I**. Now, the management of YSPL is planning to go for an expansion of its capacity from 120 to 400 KLPD and application of expansion of the same is being submitted.

## B. Status of Compliance of EC Conditions:

Compliance of terms & conditions mentioned in Environmental Clearance (EC) letter no. J-11011 /325 / 2016 – IA-II (I) dated 08.01.2018 granted for setting up Molasses based Distillery of 120 KPD & subsequently, amendment in EC was granted by MoEFCC on 03.01.2021 letter no. J-11011 /325 / 2016 – IA-II (I) is presented as follows-

**Table No. 1 Terms & Conditions**

No.	Environmental Clearance Conditions	Compliance towards the Conditions Stipulated
<b>A</b>	<b>SPECIFIC CONDITIONS</b>	
1	<b>Condition No. I</b> The final product shall not be used for human consumption but for industrial purposes, including as bio-fuel.	Noted.
2	<b>Condition No. II</b> Consent to Establish / Operate for the project shall be obtained from the State Pollution Control Board as required under the Air (Prevention and Control of Pollution) Act, 1981 and the Water (Prevention and Control of Pollution) Act, 1974.	Industry has already granted Consent to establishment dated 15.06.2018 from KSPCB. The consent is valid up to 27.04.2023 The consent copy is enclosed at <b>Annexure-II</b> .
3	<b>Condition No. III</b> As already committed by the project proponent, Zero Liquid Discharge shall be ensured and no waste /treated water shall be discharged outside the premises.	Acknowledged. The industry hereby assure that PP will follow the conditions, after the commissioning of the project.
4	<b>Condition No. IV</b> Necessary authorization required under the Hazardous and Other Wastes (Management and Trans-Boundary Movement) Rules, 2016, Solid Waste Management Rules, 2016 shall be obtained and the provisions contained in the Rules shall be strictly adhered to.	Acknowledged. The industry hereby assure that PP will follow the conditions, after the commissioning of the project.
5	<b>Condition No. V</b> To control source and the fugitive emissions, suitable pollution control devices shall be installed to meet the prescribed norms and / or the NAAQS. The gaseous emissions shall	Acknowledged. The industry hereby assure that PP will follow the conditions, after the commissioning of the project.

No.	Environmental Clearance Conditions	Compliance towards the Conditions Stipulated
	be dispersed through stack of adequate height as per CPCB / SPCB guidelines.	
6	<p><b>Condition No.VI</b> Total fresh water requirement shall not exceed 720 cum/day (6 KL water per KL of the product) to be met from Malaprabha river. Prior permission shall be obtained from the concerned regulatory authority/ CGWA in this regard.</p>	Application for permission of water lifting from Malprabha river from Chief Engineer, Water Resources Department, and Government of Karnataka dated on 13.12.17. Copy of application is enclosed at <b>Annexure-III</b> .
7	<p><b>Condition No. VII</b> Industrial / trade effluent shall be segregated into High COD/TDS and Low COD / TDS effluent streams. High TDS/COD shall be passed through stripper followed by MEE and ATFD (agitated thin film drier). Low TDS effluent stream shall be treated in ETP and then passed through RO system.</p>	Acknowledged. After commissioning of the project PP sincerely follow the Condition.
8	<p><b>Condition No. VIII</b> Process effluent / any wastewater shall not be allowed to mix with storm water. Storm water drain shall be passed through guard pond.</p>	Process effluent and wastewater will be effectively segregated from storm water through dedicated drainage systems. No intermixing will be allowed between process wastewater and storm water. All storm water drains will be routed through a guard pond as per design specifications to ensure proper monitoring and control before discharge. Regular inspections will be carried out to ensure the integrity of the drainage system and the functionality of the guard pond.
9	<p><b>Condition No. IX</b> Hazardous chemicals shall be stored in tanks, tank farms, drums, carboys etc. Flame arresters shall be provided on tank farm and the solvent transfer through pumps.</p>	This is an agro based industry. No any Hazardous chemicals used in the distillery. Storage Flame arresters will be installed at all critical points in the tank farm .Regular inspections and maintenance of the flame arresters and storage units will be conducted as per the standard operating procedures, and records were properly maintained.
10	<b>Condition No. X</b>	

No.	Environmental Clearance Conditions	Compliance towards the Conditions Stipulated
	Process organic residue and spent carbon, if any, shall be sent to cement industries. ETP sludge, process inorganic & evaporation salt shall be disposed off to the TSDF.	This is an agro based industry. Hence, process organic residue and spent carbon, process inorganic & evaporation salt etc. are not generated. ETP, CPU sludge & boiler ash will be generated as a solid waste. Boiler ash and ETP Sludge which are sold to farmer for used as manure.
11	<p><b>Condition No. XI</b></p> <p>The Company shall strictly comply with the rules and guidelines under Manufacture, Storage and Import of Hazardous Chemicals (MSIHC) Rules, 1989 as amended time to time. All transportation of Hazardous Chemicals shall be as per the Motor Vehicle Act (MVA), 1989.</p>	The company will strictly comply with the rules and guidelines under the Manufacture, Storage and Import of Hazardous Chemicals (MSIHC) Rules, 1989, as amended from time to time.
12	<p><b>Condition No. XII</b></p> <p>The company shall undertake waste minimization measures as below :-</p> <ul style="list-style-type: none"> <li>a) Metering and control of quantities of active ingredients to minimize waste.</li> <li>b) Reuse of by-products from the process as raw materials or as raw material substitutes in other processes.</li> <li>c) Use of automated filling to minimize spillage.</li> <li>d) Use of Close Feed system into batch reactors.</li> <li>e) Venting equipment through vapour recovery system.</li> <li>f) Use of high pressure houses for equipment cleaning to reduce wastewater generation.</li> </ul>	<p>Industry will implementing the condition, after completion of project.</p> <ul style="list-style-type: none"> <li>a) Reuse of byproducts – i.e. ash will be given to brick or cement industry, STP &amp; CPU sludge will used as manure.</li> <li>b) To minimize spillage automated filling of material will be done. Use of Close Feed system into batch reactors. c) Venting equipment’s will be provided through vapor recovery system. High pressure hoses will be provided for equipment clearing to reduce wastewater generation.</li> </ul>
13	<p><b>Condition No. XIII</b></p> <p>The green belt of 5-10 m width shall be developed in more than 33% of the total project area, mainly along the plant periphery, in downward wind direction, and along road sides etc. Selection of plant species shall be as per the CPCB guidelines in consultation with the State Forest Department.</p>	Acknowledged. After commissioning of the project PP sincerely follow the Condition.

No.	Environmental Clearance Conditions	Compliance towards the Conditions Stipulated
14	<p><b>Condition No. XIV</b> All the commitments made regarding issues raised during the public hearing/consultation meeting held on 8<sup>th</sup> September, 2017 shall be satisfactorily implemented.</p>	<p>The company will ensure that all actions, as promised during the public hearing, will be carried out in a timely manner, and all relevant stakeholders will be informed of the progress and outcomes.</p>
15	<p><b>Condition No. XV</b> At least 2.5% of the total project cost shall be allocated for Enterprise Social Commitment based on public hearing issues and item-wise details along with time bound action plan shall be prepared and submitted to the Ministry's Regional Office.</p>	<p>Acknowledged. After commissioning of the project PP sincerely follow the Condition.</p>
16	<p><b>Condition No. XVI</b> For the DG sets, emission limits and the stack height shall be in conformity with the extant regulations and the CPCB guidelines. Acoustic enclosure shall be provided to DG set for controlling the noise pollution.</p>	<p>Acoustic enclosures will be provided for all DG sets to control noise pollution and ensure compliance with the prescribed noise standards. Regular monitoring and maintenance will be carried out to ensure continued adherence to environmental norms.</p>
17	<p><b>Condition No. XVII</b> The unit shall make the arrangement for protection of possible fire hazards during manufacturing process in material handling. Fire-fighting system shall be as per the norms.</p>	<p>The unit will make appropriate arrangements to protect against possible fire hazards during the manufacturing process and material handling. A fire-fighting system will be installed and maintained as per the applicable norms and safety standards. Regular safety audits and mock drills will be conducted to ensure preparedness and compliance.</p>
18	<p><b>Condition No. XVIII</b> Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.</p>	<p>Occupational health surveillance of the workers will be conducted on a regular basis, and records will be maintained in accordance with the provisions of the Factories Act and necessary preventive or corrective actions will be taken based on the findings. PPE kit will be provided to all worker.</p>
19	<p><b>Condition No. XIX</b></p>	

No.	Environmental Clearance Conditions	Compliance towards the Conditions Stipulated
	<p>Continuous online (24x7) monitoring system for stack emissions shall be installed for measurement of flue gas discharge and the pollutants concentration, and the data to be transmitted to the CPCB and SPCB server. For online continuous monitoring of effluent, the unit shall install web camera with night vision capability and flow meters in the channel / drain carrying within the premises.</p>	<p>Industry will install OCMS to stack &amp; ETP after the completion of the construction. The monitoring data will be transmitted in real-time to the CPCB and SPCB servers as per regulatory requirements.</p>
20	<p><b>Condition No. XX</b> There shall be adequate space inside the plant premises earmarked for parking of vehicles or raw materials and finished products, and no parking to be allowed outside on public places.</p>	<p>Adequate space will be provided within the plant premises for the parking of vehicles carrying raw materials and finished products. The unit will ensure strict adherence to this condition to avoid any public inconvenience and to comply with applicable regulatory norms.</p>
21	<p><b>Condition No. XXI</b> Storage of raw materials, coal etc. shall be either stored in silos or in covered areas to prevent dust pollution and other fugitive emissions.</p>	<p>All necessary measures will be implemented to ensure compliance with air quality standards and minimize environmental impact.</p>
22	<p><b>Condition No. XXII</b> The energy sources for lighting purposes shall preferably be LED based. A minimum of 10 – 20% of the total power requirement for the industrial operations shall be met from non-conventional energy resources / solar supply.</p>	<p>Necessary infrastructure will be installed to ensure compliance with energy efficiency and sustainability objectives.</p>
<b>B</b>	<b>General Conditions</b>	
23	<p><b>Condition No. I</b> The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board, Central Pollution Control Board, State Government and any other statutory authority.</p>	<p>The project authorities will strictly adhere to all stipulations laid down by the State Pollution Control Board, Central Pollution Control Board, State Government, and other relevant statutory authorities. Compliance with all applicable environmental and regulatory</p>

No.	Environmental Clearance Conditions	Compliance towards the Conditions Stipulated
		requirements will be ensured throughout the project's lifecycle.
24	<p><b>Condition No. II</b></p> <p>No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forest and Climate Change. In case of deviations or alterations in the project proposal from those submitted to this Ministry for clearance, a fresh reference shall be made to the Ministry to assess the adequacy of conditions imposed and to add additional environmental protection measures required, if any.</p>	<p>No expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEFCC)/Department of Environment, Govt. of Karnataka.</p>
25	<p><b>Condition No. III</b></p> <p>The locations of ambient air quality monitoring stations shall be decided in consultation with the State Pollution Control Board (SPCB) and it shall be ensured that at least one station each is installed in the upwind and downwind direction as well as where maximum ground level concentrations are anticipated.</p>	<p>After commissioning of project, the self-monitoring will be conducted within and outside premises through approved laboratory.</p>
26	<p><b>Condition No. IV</b></p> <p>The National Ambient Air Quality Emission Standards issued by the Ministry vide G. S. R. No. 826€ dated 16<sup>th</sup> November, 2009 shall be followed.</p>	<p>The National Ambient Air Quality Standards, as issued by the Ministry vide G.S.R. No. 826(E) dated 16th November 2009, will be strictly followed. All necessary measures will be taken to ensure that ambient air quality remains within the prescribed limits at all times.</p>

No.	Environmental Clearance Conditions	Compliance towards the Conditions Stipulated
27	<p><b>Condition No. V</b></p> <p>The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control measures including acoustic hoods, silencers, enclosures etc. on all sources of noise generation. The ambient noise levels shall conform to the standards prescribed under Environment (Protection) Act, 1986 Rules, 1989 viz 75 dBA (day time) and 70 dBA (night time).</p>	<p>The overall noise levels in and around the plant area will be kept well within the prescribed standards by implementing noise control measures, including acoustic hoods, silencers, and enclosures on all sources of noise generation. After commissioning of project, the self-monitoring will be conducted within and outside premises through approved laboratory.</p>
28	<p><b>Condition No. VI</b></p> <p>The Company shall harvest rainwater from the roof the roof tops of the buildings and storm water drains to recharge the ground water and use the same water for the process activities of the project to conserve fresh water.</p>	<p>Acknowledged. The company will harvest rainwater from the rooftops of the buildings and storm water drains to recharge groundwater. The harvested rainwater will be utilized for green belt and firefighting system. Necessary infrastructure will be installed to capture, store, and effectively utilize rainwater, ensuring the sustainability of water resources.</p>
29	<p><b>Condition No. VII</b></p> <p>Training shall be imparted to all employees on safety and health aspects of chemicals handling. Pre-employment and routine periodical medical examinations for all employees shall be undertaken on regular basis. Regular basis. Training to all employees on handling of chemicals shall be imparted.</p>	<p>Training will be conducted to all employees on safety and health aspects related to chemicals handling. Routine periodical medical examinations will be conducted for all employees on a regular basis to ensure their health and safety.</p>
30	<p><b>Condition No. VIII</b></p> <p>The company shall also comply with all the environmental protection measures and safeguards proposed in the documents submitted to the Ministry. All the recommendations made in the EIA/EMP in respect of environmental management, and risk mitigation measures relating to the project shall be implemented.</p>	<p>The Company will complying with all the environmental protection measures and safeguards and implement all the recommendations made in EIA/EMP.EMC will be taking care that the funds are not diverted for any other purpose.</p>

No.	Environmental Clearance Conditions	Compliance towards the Conditions Stipulated
31	<p><b>Condition No. IX</b></p> <p>The company shall undertake all relevant measures for improving the socio-economic conditions of the surrounding area. ESC activities shall be undertaken by involving local villages and administration.</p>	<p>Acknowledged. After commissioning of the project PP sincerely follow the Condition.</p>
32	<p><b>Condition No. X</b></p> <p>The company shall undertake eco-developmental measures including community welfare measures in the project area of the overall improvement of the environment.</p>	<p>Acknowledged. After commissioning of the project PP sincerely follow the Condition.</p>
33	<p><b>Condition No. XI</b></p> <p>The company shall earmark sufficient funds towards capital cost and recurring cost per annum to implement the conditions stipulated by the Ministry of Environment, Forest and Climate Change as well as the State Government along with the implementation schedule for all the conditions stipulated herein. The funds so earmarked for environment management/ pollution control measures shall not be diverted for any other purpose.</p>	<p>The Company will complying with all the environmental protection measures and safeguards and implement all the recommendations made in EIA/EMP.EMC will be taking care that the funds are not diverted for any other purpose.</p>
	<p><b>Condition No. XII</b></p> <p>A copy of the clearance letter shall be sent by the project proponent to concerned Panchayat, Zilla Parishad / Municipal Corporation, Urban local Body and the local NGO, if any, from whom suggestions/ representations, if any, were received while processing the proposal.</p>	<p>The condition is complied. Copy of Environment Clearance Letter submitted to local body on 15.01.2018. Copy acknowledgement of local body w.r.t. EC granted is enclosed in <b>Annexure -IV</b>.</p>
	<p><b>Condition No. XIII</b></p> <p>The project proponent shall also submit six monthly reports on the status of compliance of the stipulated Environmental Clearance conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF&amp;CC, the respective Zonal Office of CPCB and SPCB. A copy of Environmental</p>	<p>Industry regularly submitted six monthly compliance report to Regional Office of MoEFCC Bengaluru. Time to time updated company website. Copy of submission six monthly compliance report enclosed at <b>Annexure-V</b>.</p>

No.	Environmental Clearance Conditions	Compliance towards the Conditions Stipulated
	Clearance and six monthly compliance status report shall be posted on the website of the company.	
	<p><b>Condition No. XIV</b></p> <p>The environmental statement for each financial year ending 31<sup>st</sup> March in Form-V as is mandated shall be submitted to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of environmental clearance condition and shall also be sent to the respective Regional Offices of MoEF&amp; CC by e-mail.</p>	After the commissioning of the distillery unit, the industry will regularly submit the Environmental statement (Form V).
	<p><b>Condition No. XV</b></p> <p>The project proponent shall inform the public that the project has been accorded environmental clearance by the Ministry and copies of the clearance letter are available with the SPCB/Committee and may also be seen at Website of the Ministry at <a href="http://moef.nic.in">http://moef.nic.in</a>. This shall be advertised within seven days from the date of issue of the clearance letter, at least in two local newspapers that are widely circulated in the region of which one shall be in the vernacular language of the locality concerned and a copy of the same shall be forwarded to the concerned Regional Office of the Ministry.</p>	Industry published newspaper advertisement regarding grant of EC in two local newspapers (Belgavi & Deccanherald) on 12/01/2018. Copies of Newspaper advertisements are enclosed at <b>Annexure – VI</b> .
	<p><b>Condition No. XVI</b></p> <p>The project authorities shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities and the date of start of the project.</p>	Noted

IN THE HIGH COURT OF KARNATAKA  
DHARWAD BENCH

DATED THIS THE 3<sup>RD</sup> DAY OF DECEMBER 2021

BEFORE

THE HON'BLE MR.JUSTICE N.S.SANJAY GOWDA

W.P. No.60683/2012 (GM-RES)

Between:

1. M/s. Parrys Sugar Industries Ltd.,  
(Formerly known as GMR Industries Ltd.,)  
A Company incorporated under the  
Companies Act, 1956, having its registered  
Office situated at Venus Building,  
1/2, 3<sup>rd</sup> Floor, 1<sup>st</sup> Main Road,  
Kalyanamantapa Road, Jakkasandra,  
Bengaluru-56 034, Rep. by its Company  
Secretary, Shri B.M. Rath.
2. Shri Shaji Thomas,  
Son of Mr. K.V. Thomas,  
Age 38 years, R/at A5, No.54,  
Vayuvajra, 8<sup>th</sup> Cross, Sharadamba Nagar,  
Jalahalli Vilage, Bengaluru.

... Petitioners

(By Shri S.Maganand, Senior Counsel  
for Shri K.L. Patil Advocate)

And:

1. The State of Karnataka,  
Rep. by its Secretary to Government,  
Department of Commerce and Industry,  
Vikas Soudha, Bengaluru-560 001.
2. The Commissioner of Cane Development  
& Director of Sugars in Karnataka,

: 2 :

Karnataka Housing Board Complex,  
CBAB Complex, 'F' Block, 5<sup>th</sup> Floor,  
Kauveri Bhavan, K.G. Road,  
Bengaluru-560 001.

3. The Chief Director (Sugar),  
Ministry of Consumer Affairs & Public  
Distribution, (Dept. of Sugar & Edible Oils),  
Krishi Bhawan, New Delhi-110 001.
4. M/s. Yaragatti Sugars Pvt. Ltd.,  
Rep. by Managing Director,  
Hill Garden, Anna Road,  
Gokak, Belgaum District-591307.
5. Government of India,  
Ministry of Commerce and Industry,  
Department of Industrial Policy and  
Promotion Secretariat of Industrial  
Assistance, Udyog Bhawan,  
New Delhi.

... Respondents

(By Shri V.S. Kalasurmath, HCGP for R1 & R2;  
Shri Deepak Maganur, Advocate for R4;  
Shri M.B. Kanavi, Advocate for R3 & R5)

This writ petition is filed under Articles 226 & 227 of the Constitution of India praying to direct respondent Nos.1 and 2 to constitute an independent committee of experts and agricultural scientists to ascertain accurately availability of sugar cane in Belgaum district, Karnataka State and the requirement of the existing sugar factories and allocate sufficient designated areas to the petitioner to enable the petitioner to operate its plant at the capacity of 4,000 TCD.

This petition coming on for preliminary Hearing B-Group, this day, the Court made the following:

ORDER

Learned Senior Counsel Shri S.S. Naganand prays that he may be permitted to withdraw the writ petition with liberty to the petitioners to make a representation to the Cane Commissioner as Well as the State Government highlighting their grievances and seeking for an appropriate redressal.

2. Reserving liberty to do so, the writ petition is dismissed as withdrawn.

If any such representation is made, the Cane Commissioner and the State Government shall consider the same as expeditiously as possible and at any rate within a period of three months from the date of receipt of the representation.

It is needless to state that all the contentions are left open.

**Consent Order No.** CTE-306432      **PCB ID:** 38672      **Date:** 15/06/2018

To,  
 The Applicant  
 Yaragatti Sugars Pvt Ltd (Distillery Unit)  
 C/o. Satish Sugars Limited,  
 Sangankeri Yadwad Road,  
 Hunshyal P.G, Gokak Tq, Bela

Sir,

Sub: Consent to Establish under the Water (Prevention & Control of Pollution) Act, 1974 & the Air (Prevention & Control of Pollution) Act, 1981-reg.,

- Ref: 1. CFE application submitted by the industry/organization on 16/03/2018 at Regional Office
2. Inspection of the project site by Regional Officer Belgaum on 20/04/2018
3. Proceedings of the CCM dated 24/05/2018, held on 21/05/2018

With reference to the above, Karnataka State Pollution Control Board hereby accords **Consent for Establishment** for new Activity under the Water (Prevention & Control of Pollution) Act, 1974 & the Air (Prevention & Control of Pollution) Act, 1981 at the location indicated below subject to the following terms & conditions.

**Location:**

Name of the Applicant: Yaragatti Sugars Pvt Ltd (Distillery Unit)  
 Address: Sy No. 181/1, 181/2, 181/3, 181/4, 181/5, 185/1, 185/2, M Chandaragi village, Ramdurg Tq, Belagavi-Dist  
 Industrial Area: Not In I.A.      M Chandaragi village,  
 Taluk: Belgaum,      District: Belgaum

**Conditions:**

- This consent for establishment is valid up to 27/04/2023 from the date of issue.
- The applicant shall not undertake expansion/diversification without the prior consent of the Board.
- The applicant shall obtain necessary license/clearance from other relevant statutory agencies as required under the law.
- This consent is granted considering the following activities:

Sr	Product Name	Applied Qty/Month	Unit
1	ethanol(rs/ca/ena/ethanol)	120.0000	KLT
2	power	5.0000	MWH

**I. WATER CONSUMPTION:**

- The source of water shall be from Other, River and total water consumption shall be as below.

Particulars	Water consumption(KLD)
Cooling Water	720.0
D.M Water Plant	327.0
Domestic Purpose	20.0
Manufacturing Processes	795.0
Others .....	16.0

**Consent For Establishment (CFEs)**

Consent No. CTE-306432 Valid upto: 27/04/2023

(This document contains 5 pages including annexure &amp; excluding additional conditions)

**II. WATER POLLUTION CONTROL:**

1. The discharge from the premises of the applicant shall pass through the terminal manhole/manholes where from the Board shall be free to collect samples in accordance with the provisions of the Act or Rules made there under.
2. The applicant shall treat the domestic wastewater from the factory in septic tank with soak pit. No overflow from the soak pit is allowed. The septic tank and soak pit shall be designed as per IS 2470 Part - I and Part - II
3. The applicant shall treat the domestic wastewater in the Sewage Treatment Plant (STP) as per the proposal submitted. It shall meet the standards specified in Annexure-I & shall be used on land for gardening/greenbelt within the factory premises.
4. The quantity of domestic waste water and trade effluent generated from the proposed industry shall not exceed the permitted quantity as indicated below

**Discharge of effluents under the Water Act:**

Sl. No.	Description	Permitted Quantity of discharge in KLD	Mode/Place of disposal
5	Cooling Water	144.000	Septic tank and soak pit/Reused/For Irrigation
4	D.M Water Plant	51.000	Septic tank and soak pit/Reused/For Irrigation
3	Domestic Purpose	16.000	Septic tank and soak pit/Reused/For Irrigation
1	Manufacturing Processes	175.000	Septic tank and soak pit/Reused/For Irrigation
2	Others .....	16.000	Septic tank and soak pit/Reused/For Irrigation

5. The applicant shall treat the trade effluent in proposed ETP which consists of the following:

**STP & ETP details**

SINo	ETP/STP NO	ETP Code	Category Name	Capacity (Meter Cubic)	Units	Remarks
1	ETP1	EQU	P-Equalization Tank	501.76	1	
2	ETP1	FLM	P-Flash Mixer	6.00	1	
3	ETP1	FLO	P-Floculator	9.00	1	
4	ETP1	NUE	P-Nuetralization	13.23	1	
5	ETP1	PST	P-Pri Settling Tank	126.75	1	
6	ETP1	PP-	Polishing pond	1024.00	1	
7	ETP1	AER	S-AERATION TANK	450.00	1	Aeration Tank -II
8	ETP1	AER	S-AERATION TANK	1944.00	1	
9	ETP1	CLS	S-Sec Clarifier	85.00	1	Secondary Clarifier-II
10	ETP1	CLS	S-Sec Clarifier	132.55	1	
11	ETP1	SHT	S-SLUDGE HOLDING TANK	22.50	10	
12	ETP1	UAS	S-U.A.S.B	1000.00	1	

6. The applicant shall ensure that the ETP will treat the effluent to the stipulated standards as indicated in Annexure-I
7. The applicant shall not discharge any effluent outside the industry premises.
8. The applicant shall provide separate flow meter for inflow & outflow of effluents through ETP and separate energy meter and shall maintain a logbook for hourly record of meter reading for the verification of inspecting officers
9. The applicant shall discharge the effluents only to the place mentioned in the Consent order.

**Consent For Establishment (CFEs)**

Consent No. CTE-306432 Valid upto: 27/04/2023

Industry Colour: RED      Industry Scale: LARGE

**Karnataka State Pollution Control Board**  
 Parisara Bhavana, No.49, Church Street, Bengaluru-560001  
 Tele : 080-25589112/3, 25581383  
 Fax: 080-25586321  
 email id: ho@kspcb.gov.in

(This document contains 5 pages including annexure & excluding additional conditions)

**III. AIR POLLUTION CONTROL:**

1. The Source of emission, Stack height & Air Pollution Control (APC) measures shall be as specified in ANNEXURE-II.
2. The applicant shall provide port holes for sampling of emission, access platforms for carrying out stack sampling, electrical points and all other necessary arrangements including ladder as indicated in Annexure-II.
3. The applicant shall upgrade/modify/replace the control equipment with prior permission of the Board.

**IV. WATER CESS:**

1. The applicant shall comply with the provisions of Water (Prevention and Control of Pollution) Cess Act, 1977, by installing water meters, filing water cess returns in Form-I and other provisions as contained in the said Water (Prevention and Control of Pollution) Cess Act, 1977, and 2003.

**V. NOISE POLLUTION CONTROL:**

1. The applicant shall ensure that the ambient noise levels within its premises shall not exceed the limits i.e. 75 dB(A) Leq during day time and 70 dB(A) Leq during night time as specified in the Environment (Protection) Rules.

**VI. SOLID WASTE (OTHER THAN HAZARDOUS WASTE) DISPOSAL:**

1. The applicant shall collect, treat and dispose off all solid waste generated from the process other than wastes covered under the Hazardous and other Wastes (Management & Transboundary Movement) Rules 2016, in such manner so as not to cause environmental pollution.
2. The details of solid waste generated from the proposed plant and mode of disposal shall be as below.

Sr	Solid Waste Name/Type	Qty-Unit	Mode of Disposal
1	Incineration Boiler ash	252.0000 - M.T	OTH
2	Sludge form CPU	0.9000 - M.T	OTH
3	Yeast Sludge	360.0000 - M.T	OTH
4	Domestic Solid waste	2.7000 - M.T	OTH

**VII. HAZARDOUS AND OTHER WASTES (MANAGEMENT & TRANSBOUNDARY MOVEMENT) RULES 2016:**

1. The applicant shall apply and obtain authorization under Hazardous and Other Wastes (Management & Transboundary Movement) Rules 2016, and comply with the provisions of the said Rules.

**VIII. GENERAL:**

1. The applicant shall transport and store the raw materials in a manner so as not to cause any damage to environment, life and property. The applicant shall be solely responsible for any damages to environment.
2. The applicant shall not commission the proposed plant for trial or regular production unless necessary Water & air pollution control equipments are installed as specified in the Consent Order.
3. The applicant shall ensure that the treatment plant and control equipments are completed and commissioned simultaneously along with construction of the factory and erection of machineries.
4. The applicant shall not change or alter (a) raw materials or manufacturing process, (b) change the products or product mix (c) the quality, quantity or rate of discharge/emissions and (d) install/replace/alter the water or air pollution control equipments without the prior approval of the Board.
5. The applicant shall immediately report to the Board of any accident or unforeseen act or event resulting in release of discharge of effluents or emissions or solid wastes etc. in excess of the standards stipulated. And the industry shall immediately take appropriate corrective and preventive actions under intimation to the Board.
6. The Board reserves the right to review, impose additional condition or conditions, revoke, change or alter the terms and conditions.
7. This CFE does not give any right to the Party/Project Authority/Industry to forego any other legal requirement, that is necessary for setting/operation of the plant.
8. The applicant shall furnish pointwise compliance to the conditions given under this consent for establishment along with the application for Consent to operate.

Consent For Establishment (CFEs)

Consent No. CTE-306432 Valid upto: 27/04/2023

Industry Colour: RED Industry Scale: LARGE

Karnataka State Pollution Control Board  
Parisara Bhavana, No.49, Church Street, Bengaluru-560001  
Tele : 080-25589112/3, 25581383  
Fax:080-25586321  
email id: ho@kspcb.gov.in

(This document contains 5 pages including annexure & excluding additional conditions)

9. The applicant is liable to reinstate or restore, damaged or destroyed elements of environment at his cost, failing which, the applicant/occupier as the case may be shall be liable to pay the entire cost of remediation or restoration in advance an amount equal to the cost estimated by Competent Agency or Committee.

10. The applicant shall comply with all the Conditions and guidelines issued from time to time.

11. The applicant must create structure/facility for rain water harvesting and ground water recharge.

12. The applicant shall develop extensive green belt within the periphery of the plant.

13. This consent is issued without prejudice to Court Cases pending in any Hon'ble Court.

Please note that this is only consent for establishment issued to you to proceed with the formalities for establishment of the industry and does not give any right to proceed with trial/regular production. For this purpose, separate consents of the Board for discharge of liquid effluent and the emissions to the air shall have to be obtained by remitting prescribed consent fee. The application for consent has to be made 45 days in advance of commissioning for trial production of the plant.

The receipt of this letter may please be acknowledged.

**Note:**

The Conditions II (3), IV mentioned in the schedule are not applicable.

**Additional Conditions:**

The applicant shall also comply with the additional conditions enclosed with Annexures.

FOR AND ON BEHALF OF  
KARNATAKA POLLUTION CONTROL BOARD

- CHIEF/SENIOR ENVIRONMENTAL  
OFFICER

**COPY TO:**

1. The Environmental Officer, KSPCB, Regional Office, Belgaum for information and to inspect the industry during your next visit to the area.
2. Master copy (Dispatch).
3. Office copy.

2	Boiler	40 TPH	70	PM(mg/NM3), SO2 (PPM), NOx(PPM)	150,80,80	BAG	ESP	Before commissioning.

Note:

AEC : Accoustic Enclosures

ESP : E.S.P

**LOCATION OF SAMPLING PORTHOLES, PLATFORMS, ELECTRICAL OUTLET.**

1. Location of Portholes and approach platform:

Portholes shall be provided for all chimneys, stacks and other sources of emission. These shall serve as the sampling points. The sampling point should be located at a distance equal to atleast eight times the stack or duct diameters downstream and two diameters upstream from source of low disturbance such as a Bend, Expansion, Construction Valve, Fitting or Visible Flame or rectangular stacks, the equivalent diameter can be calculated from the following equation.

$$\text{Equivalent Diameter} = \frac{2 (\text{Length} \times \text{Width})}{(\text{Length} + \text{Width})}$$

- The diameter of the sampling port should not be less than 100mm dia". Arrangements should be made so that the porthole is closed firmly during the non sampling period.
- An easily accessible platform to accommodate 3 to 4 persons to conveniently monitor the stack emission from the portholes shall be provided. Arrangements for an Electric Outlet Point of 230 V 15 A with suitable switch control and 3 Pin Point shall be provided at the Porthole location.
- The ladder shall be provided with adequate safety features so as to approach the monitoring location with ease.

**ADDITIONAL CONDITIONS TO ACCOMPANY CONSENT FOR EXPANSION OF  
M/S. YARAGATTI SUGARS PVT LTD., M. CHANDARAGI VILLAGE,  
RAMADURGA TALUK, BELAGAUM DISTRICT**

**Preamble:**

M/s. Yaragatti sugars Pvt Ltd., has obtained consent for establishment to establish an industry for sugar cane crushing of 3500 TCD and power generation by co-generation plant of 14 MW at Sy. No. 181/1, 181/2, 181/3, 181/4, 181/5, 185/1, 185/2, M Chandaragi village, Ramadurga taluk, Belgaum District under the Water Act and the Air Act on 23.01.2017. The project Proponent is yet to start construction of sugar and Co-generation unit. The Project Proponent also proposes to establish molasses based distillery unit in the same premises and has obtained Environmental Clearance from Ministry of environment, Forest and Climate Change for establishment of distillery unit of 120 KLPD along with incineration boiler of 40 TPH to generate 5MW Power vide letter No. J-11011/325/2016-IA-II(I), dated: 08.01.2018 in the same premises

Now, The industry has applied for Consent for Establishment of the Board for the proposed distillery unit of capacity 120 KLPD of Rectified Spirit along with incineration boiler of 40 TPH to generate 5MW power. The subject was placed before the Consent Committee Meeting held on 21.05.2018 and the it was recommended for issue CFE. Hence, CFEx is issued with following additional conditions for compliance along with EC conditions (copy enclosed).

**Capital investment: Rs. 11011 Lakhs**

**Consent fee: Rs. 1,50,000/-**

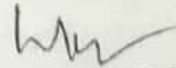

The consent for establishment(expansion) is issued for manufacture of the following:

SLNo	Name of the Product	Quantity Consented Max.
1	Distillery for manufacture of Rectified Spirit	120 KLPD
2	Power Generation from incineration Boiler	5 MW

**I. WATER POLLUTION CONTROL:**

1.The total fresh water requirement is 960 KLD for distillery unit and shall be met from Malaprabha river.

2. The daily quantity of effluent discharge shall not exceed the limits given below and the applicants shall provide following pollution control measures before commissioning the industry for trial production so that the treated effluent generated during operation shall be total reused back in the process to achieve Zero Liquid Discharge. Industry is not permitted to discharge treated water out side the premises or on land for irrigation.

  
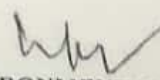

CHIEF ENVIRONMENTAL OFFICER

W  
13/12

8/12/18

Sl. No.	Description of the effluents	Daily quantity of Waste Water generation in KLD	Mode of Treatment and disposal
1	2	3	4
1	Domestic effluent	20 KLD	The applicant shall construct septic tank and soak pit as per IS 2470 Part -I & II for treatment and disposal
2	Spent Wash	960 KLD	The applicant shall establish Multiple Effect Evaporator for concentration of Spent wash. The concentrated spent wash shall be incinerated in incineration boiler along with auxiliary fuel. The condensate shall be treated in Condensate Polishing unit .
3.	Non-process effluent and spent lees	940 KLD	The applicant shall establish condensate Polishing unit as per the proposal submitted along with the consent application and treat the non-process effluent, Spent lees and MEE condensate to the standards stipulated in Annexure-I . The applicant shall make permanent arrangement for using the treated effluent from CPU back to process. Excess if any shall use utilized within the plant premises and achieve zero discharge.

2. The condensate and spent lees treated in CPU shall be Reused for process water makeup and cooling tower makeup.
3. Zero liquid discharge shall be ensured and no waste/treated water shall be discharged outside the premises
4. The distillery effluent i.e., the Spent wash holding tank capacity shall not be more than 5 days capacity and shall be made impervious, by providing RCC lagoon with proper HDPE lining.
5. The ETP site, inspection chambers, Outlets, flow measuring points should be made easily approachable to the inspecting Officers.
6. The applicant shall provide lined and closed drains to convey trade effluents to ETP for treatment and disposal.
7. The applicant shall prepare storm water management plan integrating with rain water harvesting system and shall implement the action point recommended in the Management so as to ensure that, the storm water shall not enter any of the effluent treatment system/ spent wash holding tank at any point of time during operation.
8. Process effluent/any waste water shall not be allowed to mix with storm water. Storm water drain shall be passed through guard pond.

  
CHIEF ENVIRONMENTAL OFFICER

13/11/16

6/10/16

### III. AIR POLLUTION CONTROL:

1. The discharge of emissions from the premises of the applicant shall pass through the air pollution control equipment and discharged through stacks/ chimneys mentioned in **Annexure-II**, where from the Board shall be free to collect the samples at any time in accordance with the provisions of the Act and Rules made there under.
2. The industry shall upgrade/ modify/ replace the control equipments if they are found inadequate to meet the standards stipulated. Prior permission of the Board shall be obtained for the same.
3. The industry shall provide port holes for sampling the emissions and access platforms for carrying out stack sampling and provide electrical outlet points and other arrangements for all stacks/chimneys and other sources of emissions so as to collect samples of emissions by the Board or the applicant at any time in accordance with the provisions of the Act and Rules made therein.

### MOLASSES STORAGE

The applicant shall have adequate number of steel tanks with tank farm for storing molasses.

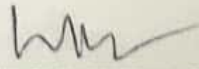

### SOLID WASTE MANAGEMENT

1. The applicant shall provide suitable arrangement for dewatering the Yeast sludge and Sludge drying beds for drying . Arrangement shall be made to dispose of the yeast sludge in scientific way to use it as manure without causing public nuisance during operation of the plant.
2. The applicant shall make permanent arrangement for storing the coal/incineration ash so as to reduce the fugitive emission during operation of the unit.

Sl.No	Material	Quantity in TPD	Mode of Treatment /disposal
1	Yeast Sludge	12	To be dried and used as fuel in the Boiler/composted
2	Mixture of Spent wash ash/Coal Ash	8.4	Shall be mixed with yeast sludge in required proportions and shall be handed over farmers for use as manure
3	Sludge from CPU	0.03	Given to farmers

4. Coal storage shall be done in such a way that it does not get air borne or fly around due to wind.
5. Boiler as shall be stored separately a per CPCB guidelines so that it shall not adversely affect the air quality, becoming air borne by wind or water regime during rainy season by flowing along with the storm water. Direct exposure of workers to fly ash and dust shall be avoided.

### THE HAZARDOUS & OTHER WASTES (MANAGEMENT AND TRASBOUNDARY MOVEMENT) RULES 2016.

  
CHIEF ENVIRONMENTAL OFFICER

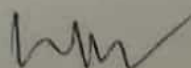

13/12/20

8/10/20

The industry shall provide dedicated storage area with impervious floor for storing various hazardous waste as per CPCB protocol. The applicant shall comply with the provisions of the Hazardous & Other Waste (Management & Transboundary Movement) Rules 2016.

**II. SPECIFIC CONDITIONS:**

1. ESP along with stack of adequate height shall be provided to Coal/slop fired boiler of 40 TPH to control particulate emission within 50 mg/Nm<sup>3</sup>.
2. The spent wash from molasses based distillery shall be treated in MEE followed by incineration boiler. Effluent from spent lees utilities effluent and evaporator condensate shall be treated in condensate polishing unit (Secondary ETP followed by RO) and recycled/reused in process.
3. No effluent shall be discharged outside the premises and Zero discharge shall be maintained.
4. Spent wash shall be stored in impervious RCC lagoons with proper lining with HDPE and shall be kept in proper condition to prevent ground water pollution. The storage of spent wash shall not exceed 5 days capacity.
5. As proposed, no effluent from distillery shall be discharged outside the plant premises and Zero discharge shall be adopted. Water consumption shall be reduced by adopting 3 R's (reduce, reuse and recycle) concept in the process.
6. Process effluent/any waste water shall not be allowed to mix with storm water. Storm water drain shall be passed through guard pond.
7. Continuous Online (24x7) monitoring to be installed for flow measurement and measurement of pollutants within the treatment unit. Data to be uploaded on company's website and provided to the respective RO of MoEF & CC, CPCB and SPCB as per CPCB Direction No: B-29016/04/06/PCI-1/7187 dt: 02.03.2015.
8. Adequate numbers of ground water quality monitoring stations by providing piezometers around the project area and spent wash tank shall be set up. Sampling and trend analysis monitoring must be mad on monthly basis and report submitted to SPCB. The ground water quality monitoring for pH, BOD, COD, Chloride, Sulphate and total dissolved Solids shall be monitored. Sampling and trend analysis monitoring must be made on monthly basis and report submitted to SPCB.
9. Fire fighting shall be as per the norms and cover all areas where alcohol is produced, handled and stored. Provision of foam system for fire fighting shall be made to control fire from the alcohol storage tank. DMP shall be implemented.

  
CHIEF ENVIRONMENTAL OFFICER

13/12

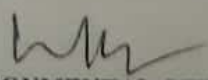

8/13/16

**V Ministry of Environment, Forest and Climate Change Conditions:**

1. Industry shall comply the following Directions issued by CPCB to the Karnataka State Pollution Control Board, vide NO.B-29016/04/06/PCII/5401 Dated:5.2.2014 and NO.B-29016/04/06/PCI-I/7187 Dated:2.3.2015.
2. Industry shall install Online continuous Stack Emission Monitoring Systems(CSEMS) for the measurement of emissions (Industry/Sector specific parameter) like,PM,NO<sub>x</sub>,SO<sub>2</sub>,Co etc.
3. Industry shall install Online Effluent quality monitoring system at the outlet of effluent treatment plants for the measurement of parameters (Industry/Sector specific parameter) like flow, pH, BOD, COD, and TSS etc.
4. Industry shall provide Online emission and effluent monitoring data shall be connected and uploaded to Board's and Central Pollution Control Board's Server.
5. Once in a month by 5<sup>th</sup>, the max, min & Average values and also the number of time, the exigencies recorded shall be submitted to Concerned Regional office of KSPCB.

Ministry of Environment & Forest & climate Change has issued a Notification on 23<sup>rd</sup> November 2016, in respect of industries who are exempted from ministry for obtaining prior Environmental Clearance for expansion or modernization or change of product mix in the existing projects. In the said notification, it is directed to constitute a "Technical Committee" for evaluating such proposals submitted to State Pollution Control Board for obtaining Consents. Accordingly the Karnataka State Pollution Control Board has Constituted a Technical Committee vide dated:22.2.2017 for scrutiny of such application received for "No increase in Pollution Load" Certification. The applicants who desires to claim "No increase in Pollution Load" Certificate shall submit the application to the respective Regional Officer, in the prescribed format, to examine before the above Committee in accordance with the procedure laid down in the 23<sup>rd</sup> November 2016 Notification.

Ministry of Environment, Forest and Climate Change has published Notification on 14.3.2017 for finalizing the process for apprised of projects for grant of Terms of Reference and Environmental Clearance, which have started the work on site, expanded the production beyond the limit of environmental clearance or changed the product mix without obtaining prior environmental clearance under the Environment Impact Assessment Notification, 2006. As per the said notification the Central Government directs that the projects or activities or the expansion or modernization of existing projects or activities requiring prior environmental clearance under the Environment Impact Assessment Notification, 2006 entailing capacity addition with change in process

  
CHIEF ENVIRONMENTAL OFFICER

12/12/16

13/16

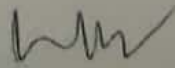

or technology or both undertaken in any part of India without obtaining prior environmental clearance from the Central Government or by the State Level Environment Impact Assessment Authority, as the case may be, duly constituted by the Central Government under sub-section (3) of section 3 of the said Act, shall be considered a case of violation of the Environment Impact Assessment Notification, 2006 and will be dealt strictly as per the procedure specified in the following manner:-

In case the Projects or activities requiring prior Environmental clearance Environment Impact Assessment Notification, 2006 from the concerned Regulatory Authority are brought for environmental clearance after starting the construction work, or have undertaken expansion, modernization, and change in product mix without prior environmental clearance, these projects shall be treated as cases of violations and in such cases, even Category B projects which are granted environmental clearance by the State Environment Impact assessment Authority constituted under sub-section (3) section 3 of the Environment(Protection) Act, 1986 shall be apprised for grant of environmental clearance only by the Expert Appraisal Committee and environmental clearance will be granted at the Central level.

In cases of violation, action will be taken against the project proponent by the respective state or state pollution Control Board under the provisions of section 19 of the environment (protection)Act, 1986 and further, no consent to operate or occupancy certificates will be issued till the project is granted the environmental clearance.

The cases of violation will be apprised by respective sector Expert Appraisal Committee constituted under sub-section (3) of Section 3 of the Environment(Protection) Act, 1986 with a view to assess that the project the project has been constructed at a site which under prevailing laws is permissible and expansion has been done which can be run sustainably under compliance of environmental norms with adequate environmental safe guards, and in case, where the finding of the Expert Appraisal Committee to negative, closure of the project will be recommended along with other actions under the law.

In case, where the findings of the Expert Appraisal Committee on point at sub-Para (3) above are affirmative, the projects under this category will be prescribed the appropriate terms of Reference for undertaking Environmental impact Assessment and preparation of Environment Management Plan. Further, the expert Appraisal Committee will prescribe a specific Terms and reference for the project on assessment of ecological damage, remediation plan and natural and community resource augmentation plan and it shall be prepared as an independent chapter in the environment impact assessment report by the accredited consultants. The collection and analysis of data for assessment of ecological

  
CHIEF ENVIRONMENTAL OFFICER

12/16

8/10/16

damage, preparation of remediation plan and natural and community resource augmentation plan shall be done by an environmental laboratory duly notified under Environment (Protection) Act, 1986, or a environmental laboratory accredited by National accreditation Board for testing and calibration Laboratories, or a laboratory of a Council of Scientific and Industrial research institution working in the field of environment.

The Expert Appraisal Committee shall stipulate the implementation of Environmental Management Plan, comprising remediation plan and natural and community resource augmentation plan corresponding to the ecological damage assessed and economic benefit derived due to violation as a condition of environment clearance.

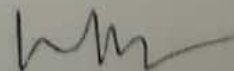

The project proponent will be required to submit a bank guarantee equivalent to the amount of remediation plan and Natural and Community Resource Augmentation Plan with the State Pollution Control Board and the quantification will be recommended by Expert Appraisal Committee and finalized by Regularity Authority and the bank guarantee shall be deposited prior to the grant of environmental clearance and will be released after successful implementation of the remediation plan and Natural and Community Resource Augmentation Plan, and after the recommendation by regional office of the Ministry, Expert Appraisal Committee and approval of the Regularity Authority. The projects or activities which are in violation as on date of this notification only will be eligible to apply for environmental clearance under this notification only within six months from the date of this notification.

c) **G.S.R. 96(E)**.- Whereas, a draft notification, for industrial boilers (fuel wise) was published in the Gazette of India, Extraordinary, vide notification of the Government of India in the erstwhile Ministry of Environment, Forest and Climate change vide no. G.S.R. 1343 (E), dated the 25<sup>th</sup> October, 2017, inviting objections and suggestions from all persons likely to be affected thereby within a period of sixty days from the dated on which copies of the Gazette containing the said notification were made available to the public;

And whereas, copies of the Gazette were made available to the public dated 25<sup>th</sup> October, 2017;

And Whereas, all objections and suggestions received from all persons and stakeholders in response to the draft notification have been duly considered by the Central Government;

NOW THEREFORE, in exercise of the powers conferred by sections 6 and 25 of the Environment (Protection) Act, 1986 (29 of 1986) read with sub-rule (3) of rule 5 of the Environment (Protection) Rules, 1986, the Central Government hereby makes the following rules further to amend the Environment (Protection) Rules, 1986, namely:-

CHIEF ENVIRONMENTAL OFFICER

4/12/18

8/10/18

**Short title and commencement :-** (1) These rules may be called the Environment (Protection) Amendment Rules, 2018.  
 (2) They shall come into force on the date of their final publication in the Official Gazette.

In the Environment (Protection) Rules, 1986, in Schedule-1, after serial number 105 and the entries relating thereto, the following serial number and entries shall be inserted, namely:-

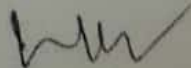

Sl.No	Type of industrial boiler (fuel wise)	Standards	
		SO <sub>2</sub>	NO <sub>x</sub>
106	Agro based fuel*	-	-
106A	Natural gas*	-	-
106B	Other fuels**	600 mg/Nm <sup>3</sup> at 6% dry O <sub>2</sub> , for solid fuel and 3% dry O <sub>2</sub> for liquid fuel	300 mg/Nm <sup>3</sup> at 6% dry O <sub>2</sub> , for solid fuel and 3% dry O <sub>2</sub> for liquid fuel

The boiler used in the industries, namely (1) sugars (2) cotton textiles (3) composite woolen mills (4) synthetic rubber (5) pulp and paper (6) distilleries (7) leather industries (8) calcium carbide (9) carbon black (10) natural rubber (11) asbestos (12) caustic soda (13) small boilers (14) aluminum plants (15) tannery (16) inorganic chemical and other such industries using boilers, shall adhere to emission norms in the said notification.

- It is required to meet stack height criteria notified vide G.S.R. 176(E), dated the 2<sup>nd</sup> April, 1996.
- The emissions from such industries need to be monitored and, all such industries as referred at Sl. No. 105C of the Table would be required to install online monitoring system as per online monitoring mechanism put in place by Central Pollution Control Board from time to time.

**Note:**

1. For captive power plants using Solid fuels such as coal, lignite, etc. the emission limit notified for Thermal Power Plants vide notification no S. O. 3305 (E), dated 7th December, 2015 shall be applicable.
2. The standards set herein will not apply to any ban or restriction put in place by Competent Authority and for non-attainment cities, State Pollution Control Board or Pollution Control Committee may regulate or ban use of Pet Coke and Furnace Oil on the basis available data.

  
 CHIEF ENVIRONMENTAL OFFICER

Sub: Permission to lift 2000 KL/Day water from Malaprabha River for our industrial and domestic use at M/s Yaragatti Sugars Private Limited, Village Post: M. Chandaragi, Tq: Ramdurg & Dist: Belagavi reg.

Respected Sir,

With reference to the above mentioned subject, this is to bring to your kind consideration that we are planned to set up of Sugar Cane Crushing plant along with Cogeneration Power Plant at Village M. Chandaragi, Tq: Ramdurg & Dist: Belagavi. For Domestic and Industrial purpose we required 2000 KL water per day.

Further we enclose herewith following documents to consider our request favorably and grant permission us to lift water from Malaprabha River for Industrial & Domestic use. The details of documents are as below:

1. Copy of Fresh Certificate Incorporation issued by Registrar of Companies, Karnataka vide CIN U15122KA2007PTC044197.
2. Copy of IEM vide No.3819/SIA/IMO/2011 & 3830/SIA/IMO/2011 dated 28.12.2011 issued by Ministry of Commerce & Industry New Delhi.
3. Copy of order issued by Ministry of Consumer Affairs, F&PD vide No.F-25(2191)/12-ST/5183 dated 10.02.2012
4. Copy of Government of Karnataka Order No.CI 132 SPI 2016, Bengaluru dated 26.04.2016 & 19.10.2016 for clearing our project in State Level Single Window Clearance Committee.
5. Topo Sheet showing the location of site with in 10 KM radius and Aerial view.
6. NOC issued by Village Panchayat K.Chandaragi dated 03.06.2016
7. Copy of Consent for Establishment issue by Karnataka State Pollution Control Board Bengaluru vide Consent Order No. CTE - 301920 dated 23.01.2017

# Districts

## Uttara Kannada & Belagavi City

### Prepare to ensure peaceful polls, police personnel told

#### Talks being held to ensure conducive milieu for police

**KARWAR:** With the State Assembly elections round the corner, the State police department and the district administration must work in unison to maintain peace and prevent evil forces from vitiating the election process. Deputy Commissioner S S Nakul said.

The deputy commissioner noted this while speaking after inaugurating the District Police Department Sports Meet, organised at the Police Parade Ground, in the City, on Thursday.

Sports activities are necessary to maintain one's good

Policemen take part in running competition held during the Annual Sports Meet of District Police Department, in Karwar, on Thursday. (DH PHOTO)

physical health along with the other responsibility. To bust the work stress, police should

also give priority to their personal life as well.

The discussions have been

held with the senior officials of the department in order to create such an environment

to facilitate the police personnel, Nakul observed.

**Part** Police officials of Bhatkal, Sirsi, Dandeli, Karwar, Women Police and District Armed Reserve Forces took active part in the sports meet.

Competitions are being organised both in individual and group games for the next three days.

District Superintendent of Police Vinayak Patil and Additional Superintendent of Police Gopal Byakod and other officials and dignitaries were present on the occasion. **DH News Service**

Justice A J Sadashiva Commission Report Implementation Agitation Committee members submit a memorandum to district administration seeking implementation of the report, in Karwar, on Thursday. (DH PHOTO)

### Govt urged to implement Sadashiva panel report

#### Protest rally taken out in support

**KARWAR:** Justice A J Sadashiva Commission Report Implementation Agitation Committee members, on Thursday, protested in front of Deputy Commissioner's office, in the City, stating the

government was delaying its implementation.

Members took out a protest rally in major parts of the City and congregated in front of deputy commissioner's office, where they raised slogans against the government.

Later, they submitted a memorandum to district administration.

After several protests, the State government had set up a commission under retired

Judge A J Sadashiva in 2005. After seven years of study, the commission submitted its report on June 15, 2017 to BJP government. However, the State government has failed to implement the report till date, they charged.

Committee State unit President Chandrakanth Kadroli, Sudhakar Jogalekar, Elisha Elakpati and others were present. **DH News Service**

### Nilekani College holds award ceremony

**SIRSI, DHNS:** Skill-based education helps one to lead independent life, according to MLA Vishweshwar Hegde Kageri.

He was speaking at the Annual Meritorious Award Ceremony of Nilekani Government PU College held recently in town. A cheque of Rs 11,000, collected by the endowment established by lecturer Prabhavati Hegde handed it over to College Development Committee, City Municipal Council

Nilekani PU College lecturer Prabhavati Hegde and students hand over cheque for Rs 11,000 to MLA Vishweshwar Hegde Kageri, in Sirsi. (DH PHOTO)

Member Nagraj Mugti donated Rs 5,500 to the college.
